

ESTER-C & FLAVONOIDS

UNIQUE BUFFERED VITAMIN C WITH BIOFLAVONOIDS

Description

Ester-C & Flavanoids is a unique blend of vitamin C and flavonoid compounds to provide enhanced vitamin C support. Ester-C® is a non-acidic water-soluble form of vitamin C that is distinguished by its unique chemical composition and biological activity. It is manufactured in an exclusive, water-based process that results in a mixture of naturally occurring vitamin C metabolites, including ascorbate, dehydroascorbate, and threonate. Vitamin C contributes to normal psychological function and functioning of the nervous system. Vitamin C contributes to the reduction of tiredness and fatigue.
