

ABOUT ALFA OMEGA

Alfa Omega is a registered pharmaceutical and homeopathic producer with an ultra-modern production atmosphere. Production began in 1984 with a vast array of homeopathic and phytotherapeutic products with proven efficacy, born out of scientific research and many years of experience in production .

Alfa – Omega SRL (Ltd) has, in the last 12 years, accumulated further experience in quality production of homeopathics, phytotherapeutic and nutritional products. All products are formulated and made under meticulous chemical & physical control in the on-site laboratory. The company is authorized by the Ministry of Health to develop and produce Pharmaceutical, homeopathic, phytotherapeutic and nutritional and dietary products. Their laboratories are maintained at a BL3 level (biohazard level 3). Indeed, the company is authorised to acquire products from both the Pasteur Institute in France and the ACDC (Atlanta Center for Disease Control).

Tracy S Gates, DO, DIBAK
