Dear Colleague

Welcome to our December nutritional update for practitioners. The aim of this regular news update is to keep you up-to-date with research findings from the nutritional industry, launch of new products and special offers from Pure Bio Ltd, and to help keep you abreast of products available for your patients and when & how to use them.

In this issue

- [Latest research on Glaucoma](#)
- [The Secret to an Effective 'Whole Body' Detox](#)
- [Product Focus - New Product Launch - Activated Charcoal](#)
- [Latest Pure Bio News - New Year Special Offers](#)
- [Forthcoming Seminars - DON'T MISS OUT!](#)
- [Pure Bio Gift Vouchers](#)
- [Quote of the Month](#)
- [How to find us](#)

### Featured Articles

#### [CURCUMIN AS A TREATMENT TO REVERSE GLAUCOMA](#)

Curcumin - an active ingredient in turmeric that has anti-cancer and anti-inflammatory properties - could stabilise glaucoma and even reverse it in

its early stages, according to a new study from Imperial College London. Glaucoma destroys retinal cells and can result in blindness. It affects around 60 million people around the world every year, and 10% will eventually lose their sight. But, using curcumin eye drops twice a day stopped the loss of retinal cells within three weeks of starting treatment.

Curcumin has also already been found to help prevent mental diseases, such as Alzheimer's and some cancers, and has anti-inflammatory qualities, which suggests it might also be a treatment for heart disease and arthritis.

### [THE SECRET TO AN EFFECTIVE 'WHOLE BODY' DETOX](#)

Toxins from low quality, GMO, processed food and environmental pollution are real problems. It is important to help your body eliminate them to promote a healthy digestive system and brain. Chronic exposure to toxins produces cellular damage, allergic reactions, compromised immunity and more rapid ageing. The best long-term study on the detoxification benefits of activated charcoal was conducted by Professors David O. Cooney (University of Wyoming) and Thomas T. Struhsaker (Duke University). The two professors learned that the monkeys on the African island of Zanzibar eat charcoal from burned tree stumps in order to detoxify.

## Product Focus

### NEW PRODUCT LAUNCH

### Pure Bio Activated Charcoal

We are pleased to announce the launch of a new Pure Bio product - [Activated Charcoal 300mg - 60 capsules](#), manufactured in the UK to GMP testing standards.

[Activated charcoal](#) is a highly micro-porous natural **adsorbent** - a process in which atoms and molecules attach themselves onto a solid or liquid surface. In this way, charcoal traps unwanted toxins and chemicals in the body, preventing their absorption and helps to facilitate their removal.

[Activated charcoal](#) is designed to help reduce build-up of intestinal gas and can be used to treat flatulence.

Pure Bio high strength 300mg activated charcoal is 100% pure; naturally sourced from sustainable coconut shells.

Manufactured in the UK to GMP standards.

#### Special Note

Activated charcoal may also adsorb food nutrients, vitamins and minerals and should, therefore, not be consumed every day. Activated charcoal's high absorbency may reduce the effectiveness of certain medications.

#### Recommended Dosage

Take 2 capsules after meals, one to three times daily, or as directed by your healthcare practitioner.

#### Contents

Activated charcoal powder 300mg

Organic rice extract

Vegetarian capsule (hydroxypropyl methyl cellulose)

[ORDER NOW: Activated Charcoal 300mg - 60 capsules - £9.95](#)

## Forthcoming Seminars

**NEW SEMINAR ANNOUNCED FROM PURE BIO FOR 2019**

**ADVANCES IN METABOLIC DISCOVERY AND TREATMENT PROTOCOLS**

Following the success of our previous seminars, we are delighted to announce that **DR JOSEPH SHAFER, DC, DIBAK**, will be returning to the UK to present his latest seminar on how to use the **FitOmega (Alpha Omega)** range of diluted Phytotherapeutic products in your practice.

This is a very special weekend that will combine manual muscle testing and metabolic system challenges with *infrared* organ stimulation for diagnosis. Individual patient therapeutic protocols using the **Pure Bio** and **FitOmega** lines will be shown for optimal results.

WHEN: 6 & 7 April 2019

VENUE: Gatwick Hilton Hotel, South Terminal, Gatwick Airport

COST: £325 for the weekend

(To participate in the course, you must bring, or purchase, Alfa Omega test kits, substance challenge kits and 2 magnets, which are necessary for the practical workshops. Please see the [booking form](#) for full details.)

The FitOmega range of products are an incredibly powerful tool in reversing disease processes and a must-have tool for advanced thinking practitioners.

**A 'not to be missed' weekend with clinical metabolic profiles never seen before!**
