[\*\*THYROID CANCER INCREASING DUE TO GLOBAL OBESITY EPIDEMIC\*\*](#)

The global incidence of both thyroid cancer and obesity have been increasing for decades - for thyroid cancer, between 1990 and 2017, incidence increased 169% and deaths by 87%; and for obesity and overweight, the prevalence nearly doubled from 6.4% in 1980 to 12% in 2008, with an accelerated increase noted in the last eight years.

Research from the University of New South Wales has found that two in five thyroid cancers in men and one in ten cases in women, were the direct result of obesity and being overweight.

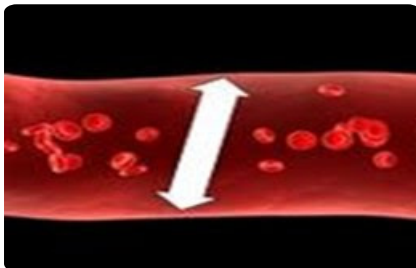

Historically, thyroid cancer has been 2-3 times more common in women, but rising obesity levels help to explain why more men are developing the cancer.

### **REDUCE CHOLESTEROL BY NATURAL MEANS**

This report documents that red yeast rice, bitter gourd, chlorella, soy protein and licorice root extracts significantly decreased total cholesterol, LDL and triglycerides.

A number of herbs, including Garlic, Fenugreek, Curcumin and Ginger all had similar effects.

## Product Focus

### **NEW PRODUCT LAUNCH**

### **DGL PLUS**

We are pleased to announce the launch of a new Pure Encapsulations product - [DGL Plus - 60 capsules](#).

DGL Plus from Pure Encapsulations provides 300mg of deglycyrrhizinated licorice (DGL) root extract in each vegetarian capsule.

DGL is licorice that has had the majority of its glycyrrhizin removed. Glycyrrhizin can cause elevations in blood pressure over a period of time. Hence, DGL is believed to be safer for long-term use and has less interactions with medical conditions or medications than licorice extract.

This product is also combined with aloe inner leaf extract, along with slippery elm and marshmallow.

**This product is:**

- Free from wheat, gluten, dairy and soy
- GMO free
- Suitable for vegetarians & vegans

[Recommended Dosage](#)

Take 1 capsule 1-3 times daily with food, or as directed by your healthcare practitioner.

[Contents: one capsule provides:](#)

Deglycyrrhizinated Licorice (Glycyrrhiza glabra) root extract	300mg
Aloe vera (Aloe barbadensis) inner fillet (standardised to contain 10% polysaccharides)	50mg
