

Pure Bio Ltd.
is pleased to present:

**INFLAMMATION:
THE GOOD, THE BAD
& THE UGLY**

Presented by **Dr Joseph Shafer DC, DIBAK**

Venue: Hilton London Gatwick, South Terminal Gatwick Airport

A weekend course on 10/11th December 2016

The weekend is specifically designed to help all practitioners to use the ALFA OMEGA range of diluted Phytotherapeutic products in their practice.

Inflammation is good, we need it but, when unchecked, it can become bad. If it becomes chronically bad, it can be ugly.

Inflammation should not be 'quenched' unnaturally, nor should it be 'pushed into a corner' by loading the body with nutritional modulators alone. Learn how to guide the immune system into a more normal response by using fitOmega ultra dilute aqueous solutions (UDAS).

This is the first of a series of seminars designed to help the practitioner assess and treat immune system modulated responses that lead to unabated inflammation, stimulate the stress response, help to cause insulin resistance, thyroid, liver and intestinal dysfunctions.

***Places will be limited so please book early to avoid
disappointment!***

Course Location:

The course will be held at the Hilton London Gatwick Airport. Located just a few minutes from the South Terminal, Hilton London Gatwick Airport offers excellent transport links, state of the art business facilities, and a wide variety of dining options.
